CORE EXPERTISE

AI experience strategy | Human-centered AI | Responsible AI frameworks | Product vision and roadmaps | Design organization leadership | Enterprise UX | Customer research | Design systems | Accessibility | Prototyping | Executive storytelling | Cross-functional alignment | Figma | v0.dev

PROFESSIONAL EXPERIENCE

Founder & AI Product Lead

Bible Study | *May 2025 - Present*

Conceived and built an AI-powered Bible study and faith-formation platform from concept to working MVP.

- Own product vision, roadmap, experience strategy, content architecture, brand, and front-end implementation as a solo founder.
- Designed AI-assisted guidance around Scripture, reflection, readings, saints, and prayer while preserving a clear, human learning experience.
- Use generative AI across research, content, design exploration, prototyping, and development to accelerate iteration without surrendering product judgment.
- Established a scalable foundation for ongoing feature development, user feedback, and future platform growth.

Senior User Experience Designer / Interim Design Manager

Walmart | *July 2024 - May 2025*

Led design across internal People products, team formation, and AI-enabled candidate experiences.

- Scaled the People Product & Design team from 0 to 16 full-time hires, managing contractors while establishing hiring practices, onboarding, and team culture.
- Served as interim design manager, mentoring designers and aligning execution, resources, and career development with business objectives.
- Designed an end-to-end conversational GenAI candidate experience in 24 hours; earned executive approval and was positioned as Creative Director for the broader initiative.
- Partnered with product managers on roadmaps, priorities, resourcing, and delivery; facilitated workshops introducing v0.dev for faster prototyping.
- Directed visual design, storytelling, and photography strategy to humanize store associates and strengthen Walmart's employer brand.

Claudia Ochoa

AI EXPERIENCE & PRODUCT DESIGN LEADER

PROFESSIONAL EXPERIENCE - CONTINUED

Senior User Experience Designer

The Home Depot | November 2019 - April 2024

Owned enterprise and customer-facing product design across complex, cross-functional initiatives.

- Led flagship e-commerce experiences from discovery through delivery with product managers and engineers in agile teams.
- Led the Military Discount initiative from concept through delivery, aligning executive leadership around an experience supporting veterans and military families.
- Combined interviews, usability testing, Google Analytics, and Quantum Metric insights to prioritize improvements and validate design decisions.
- Contributed to company-wide design-system standards and roadmap planning, balancing customer value, consistency, and delivery constraints.

Senior User Interface Designer

Dell | August 2018 - June 2019

Designed a global enterprise shipment-tracking experience that made complex logistics data easier for business customers to act on.

- Partnered with UX architects, product stakeholders, and customers to align workflows, interaction design, and operational needs.
- Synthesized customer interviews into simplified information architecture, modernized interface patterns, and clearer task flows.
- Delivered high-fidelity prototypes and implementation-ready specifications in close partnership with engineering.

Founder & Product Lead

Nebulae | October 2016 - August 2018

Founded and launched a web-based platform, leading product, experience, brand, and go-to-market execution.

- Defined the product vision and roadmap, turning an initial concept into a market-ready MVP.
- Led end-to-end UX, research, front-end delivery, vendors, and timelines through launch and iterative improvement.
- Directed cross-channel creative for digital campaigns, social media, sponsorship activations, and music-festival experiences.

Senior Art Director

Workday | July 2012 - October 2016

Led digital brand initiatives that modernized Workday's online presence during rapid growth leading up to its IPO.

- Selected by the Creative Director to lead the Workday.com redesign and establish the company's first responsive, mobile-first web experience.
- Led creative direction for Workday Rising across event identity, digital experiences, microsites, and environmental design.
- Aligned executives, marketing teams, designers, agencies, and delivery partners around cohesive high-visibility experiences.
- Mentored designers while remaining hands-on in execution and quality review.

EARLIER LEADERSHIP EXPERIENCE

VMware - Art Director, Brand & Marketing Web Design | 2011 - 2012

Salesforce - Visual Designer, Dreamforce Identity & Web | 2010 - 2011

Bio-Rad - Interactive Designer, Data Visualization & UX | 2009 - 2010

RedEnvelope - Design Manager, E-commerce UX & Brand | 2005 - 2008

EDUCATION

Juris Doctor studies, Purdue Global Law School | In progress

Master of Business Administration, Purdue University Global | 2026

Bachelor of Fine Arts, Communication Design, Texas State University | 2003

LEADERSHIP FOCUS

AI product and experience strategy | Responsible adoption | Design organization growth | Business and customer-value alignment | Human-centered transformation
