LEADERSHIP PROFILE

Creative and product design leader with 20+ years of experience connecting emerging technology, business strategy, brand, and human-centered design. Sets product direction, turns ambiguous problems into clear experiences, and aligns leaders, designers, product managers, and engineers through delivery. Work spans enterprise platforms, consumer e-commerce, design systems, and responsible AI.

Validated Home Depot gift-card redesign before launch

CORE EXPERTISE

AI product and experience strategy | Human-centered and responsible AI | Product vision and roadmaps | Design organization leadership | Enterprise UX and e-commerce | Research and usability testing | Design systems and accessibility | Executive storytelling | Prototyping and front-end delivery

PROFESSIONAL EXPERIENCE

Senior User Experience Designer / Interim Design Manager

Walmart | *July 2024 - May 2025*

Led design across internal People products, team formation, and AI-enabled candidate experiences.

- Scaled the People Product & Design team from 0 to 16 full-time hires; managed contractors and established hiring, onboarding, and team practices.
- Served as interim design manager, mentoring designers and aligning resources, delivery, and career development with business priorities.
- Designed an end-to-end conversational GenAI candidate experience in 24 hours; earned executive approval and was positioned as Creative Director for the broader initiative.
- Led a 0-to-1 hiring dashboard within Me@Campus that was prioritized as a foundation for Walmart's hiring and recruiting modernization roadmap.
- Partnered with product managers on roadmaps, priorities, resourcing, and delivery; introduced faster AI-assisted prototyping through team workshops.

Senior User Experience Designer

The Home Depot | *November 2019 - April 2024*

Owned enterprise and customer-facing product design across complex, cross-functional initiatives.

- Led a research-driven gift-card redesign across discovery, card selection, mixed-cart checkout, and balance management; tested with 30 participants, approved, and launched.
- Led the Military Discount initiative from concept through delivery, aligning executive leadership around an experience supporting veterans and military families.
- Combined interviews, usability testing, Google Analytics, and Quantum Metric insights to prioritize improvements and validate design decisions.
- Shaped design-system standards and product roadmaps across agile delivery teams.

PROFESSIONAL EXPERIENCE - CONTINUED

Senior User Interface Designer

Dell | *August 2018 - June 2019*

Designed a global enterprise shipment-tracking experience that simplified complex logistics data.

- Partnered with UX architects, product stakeholders, and customers to align workflows, design, and operational needs.
- Synthesized customer interviews into simplified information architecture, modernized interface patterns, and clearer task flows.
- Delivered high-fidelity prototypes and implementation-ready specifications in close partnership with engineering.

Founder & Product Lead

Nebulae | *October 2016 - August 2018*

Founded and launched a web-based platform, leading product, experience, brand, and go-to-market execution.

- Defined the product vision and roadmap, turning an initial concept into a market-ready MVP.
- Led end-to-end UX, research, front-end delivery, vendors, and timelines through launch and iterative improvement.
- Directed cross-channel creative for digital campaigns, social media, sponsorship activations, and music-festival experiences.

Senior Art Director

Workday | *July 2012 - October 2016*

Led digital brand initiatives that modernized Workday's online presence during a period of rapid growth spanning its IPO.

- Led the redesign of Workday.com ahead of the company's IPO.
- Spearheaded Workday's first responsive, mobile-first website, modernizing the brand's digital presence.
- Designed the event identity for Workday Rising.
- Partnered with internal teams and external agencies to maintain a cohesive brand vision and secure executive approval for high-impact projects.
- Mentored junior designers, ensuring high-quality execution and visual consistency.

EARLIER LEADERSHIP EXPERIENCE

VMware - Art Director, Brand & Marketing Web Design | *2011 - 2012*
Salesforce - Visual Designer, Dreamforce Identity & Web | *2010 - 2011*
Bio-Rad - Interactive Designer, Data Visualization & UX | *2009 - 2010*
RedEnvelope - Design Manager, E-commerce UX & Brand | *2005 - 2008*
